## State ILP Updates

### State Updates —Erin Kinavey

#### Part C Credential Documentation

As we start a new year we will be focusing on reflective practices and incorporating more reflective facilitation in our monthly calls together.

Related to this topic and the credential, there will no longer be a specific review component or panel. Rather as IFSP documentation is submitted for the credential process- a portion of the monthly coordinator calls will be devoted to reviewing IFSP documentation in a reflective manner. Participants will be provided a blind electronic version of an IFSP each month prior to a call and will be asked to provide their written and/or verbal feedback during the calls. This activity is intended to provide an opportunity to learn from one another and support more continuity among agencies regarding documentation requirements.

#### TACSEI

New home based modules developed by TACSEI are finally ready for roll out. On our next coordinators call, we will be joined by faculty from TACSEI to discuss the modules and how and when we might bring training to Alaska. The feedback from these modules has been fantastic. Stay Tuned. (January Coordinators Meeting, 1/12/12. Note: Change in Date!)

### PD Training Updates- Meghan Johnson

#### February 2—4, 2012, Hilton Hotel, Anchorage

Several ILP related topics have been organized for this conference. If you have not already registered please go to <http://www.anchorageaeyc.org/>.

**ILP Lunch: Thursday, February 2, 2012: Lunch at Sizzlin' Café** (across from the Hilton) Hosted by Brookes Publishing. Don't miss this opportunity to talk about the ASQ online Screening Project with representative of Brookes Publishing.

#### BDI 2 Training: Wednesday, February 1, 2012 at Thread

There are still a few spaces available for individuals to attend. Contact Meghan if you are interested. Lunch is provided by AILPA.

#### Part C Credential Completion UPDATES (January Activities)

Agencies have submitted their completion plans. A pre-test, to be completed electronically, will be sent to all current ILP employees the 2nd or 3rd week in January. Upon completion of the pre-test a user id and password will be sent for individual providers to access the on-line modules. Study guides and other supplementary materials will be made available electronically for everyone and one printed master copy for each supervisor after completion of the pre-test. After pre-tests have been completed, agencies may proceed with their Part C Credential completion plans.

## State ILP Updates

### Public Reporting & Child Count—Lisa Balivet

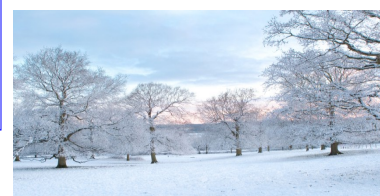

IDEA requires states to annually collect and report data for Part C: child count, settings for early intervention services, numbers of and reasons for children exiting services, counts of services and service categories. Data is also shown by race/ethnicity. For state rankings on selected Part C data elements

This year the Alaska Part C December 1, was significantly increased from previous years! Its exciting to see programs reaching out to more families. To see your agency (Alaska specific) 12/1/10 Part C percent of birth to three population enrollment go to (see indicators 5 and 6):
